# LoanMagic®
Mobile Connectivity App

Borrowers want an easy and convenient loan process, free from the hassle of paper, faxes, emails, etc. Lenders and closing agents want to keep borrowers connected and responsive so that the loan process keeps moving. LoanMagic for Borrowers is a mobile app for smartphone or tablet that lets borrowers track their loan status in real time, satisfy conditions via an easy to-do list, and eSign and return documents in seconds — dramatically reducing the time it takes to process loans.

Loan Tracker
Provides the borrower a sense of momentum

LOS Integration
Works with what you are already using

eVault
Every transaction is stored securely

DocMagic eSign
Electronically sign and return documents in seconds

Integrated Messaging
Eliminates phone calls and emails

Task Manager
Take care of anything that is slowing down the process

Push Notifications
Trigger fast borrower reactions

Intuitive Design
Ensure borrower autonomy and satisfaction
