Total eClose™

Total eClose is a comprehensive eClosing system that provides everything necessary for a paperless eClosing. From automated compliance checks to embedded remote online notarization (RON) technology, DocMagic's powerful end-to-end solution provides an efficient and intuitive interface that all participants — lenders, settlement service providers, notaries and borrowers — can use immediately, without a steep learning curve.

DocMagic's Total eClose seamlessly integrates every component on the closing process in one easy–to–manage portal.
